**FURLOUGHED EMPLOYEES CAN ENGAGE IN TRAINING...**

"...as long as in undertaking the training, the employee does not provide services to, or generate income for, or on behalf of their organisation.

**Furloughed employees should be encouraged to undertake training.**

Where training is undertaken by furloughed employees at the request of their employer, they are entitled to be paid at least their appropriate national minimum wage for this time. (In most cases the furlough payment of 80% of their regular wage will provide sufficient monies to cover these training hours)".
